- ^ Natural
- ^ Extra Facet

Red symbols denote internal characteristics (inclusions). Green or black symbols denote external characteristics (blemishes). Diagram is an approximate representation of the diamond, and symbols shown indicate type, position, and approximate size of clarity characteristics. All clarity characteristics may not be shown. Details of finish are not shown.

Profile not to actual proportions

This Report is not a guarantee, valuation or appraisal and contains only the characteristics of the diamond described herein after it has been graded, measured and analyzed by the laboratory granting this Report ("GIA") and/or has been received using the techniques and equipment used by GIA at the time of the examination and/or reception. Inclusions reported in this document are not a guarantee, valuation, or warranty of a diamond's quality, clarity or angle or source, or that the diamond will be identifiable by the inscription in the future. Some inclusions can be removed. GIA makes no representation concerning any trademark, word, or symbol which is inscribed by GIA or which is described on this Report. The recipient of this Report may wish to consult a professional jeweler or geologist about the information contained herein.
