IMPORTANT LIMITATIONS ON BACK

This Report is not a guarantee, valuation or appraisal and contains only the characteristics of the diamond described herein after it has been graded, tested, examined and analyzed by the GIA Laboratory and/or has been certified using the techniques and equipment used by the GIA Laboratory at the time of the examination under magnification. Any changes reported in this document are not a guarantee, valuation, or warranty of an article's quality, purity or value, or that the article will be identifiable by the engraving in the future (even when not so marked). GIA makes no representation concerning any treatment, wear, or repair which is marked by GIA or which is identified in this Report. The recipient of this Report may wish to consult a qualified jeweler or gemologist about the characteristics contained herein.
