

Patek Philippe, extremely rare Perpetual Calendar, 1951.

Pink gold 750.

Ref. 1526, solid case No. 665497, the case back engraved: Francisco de Sola, 7 de Mayo De 1953, EMJ. Silver-plated dial with applied indices and Arabic numerals in pink gold, day and month in Spanish. High-grade hand-wound movement No. 966942, Cal. 12"120 Q, with the original compensation balance. Patek Philippe crocodile band with Patek Philippe tang buckle in pink gold. Case, dial, movement and buckle signed. D 34 mm.

"Reference 1526" was the first wristwatch series with a perpetual calendar. This model represents a milestone in the development of watches with complications.

Koller Auktionen - Lot 2583***A181 Wristwatches & Pocketwatches - Thursday 29 June 2017, 05.00 PM**

Patek Philippe only built 210 of this watch type, the majority in yellow gold, and only very few in pink gold. This is a first generation model, which can be seen by the triple indication: moon phase, small second and date at 6h. With an Extract from the Patek Philippe Archives: Built in 1951, sold on 23 May 1953, with the described dial.
