**Important Note:** The conclusions on this Test Report reflect our findings at the time it is issued. A gemstone or pearl can be modified and/or enhanced at any time. Therefore, the SSEF can at any time reassess whether the gemstone or pearl is in accordance with this Test Report. A setting may limit complete analysis of a gemstone or a pearl, thus all conclusions are given as far as the setting permits. The authenticity and colour authenticity of additional diamonds, gemstones, and pearls in the setting have not been tested. The indicated estimated weight is only approximate and may differ from the exact weight of the gemstone/pearl when unset. Only the Test Report with the valid original signatures, embossed stamp and Proof Tag™ label affixed onto this surface of the submitted Test Report is a valid document. PDF scans and copies of a Test Report are not legally binding. See terms and conditions on reverse side and [www.ssef.ch/terms-conditions](http://www.ssef.ch/terms-conditions). © This report is copyright of SSEF.

| Comments:        | external characteristics (indicated in green)<br><br>The analysed properties confirm the colour authenticity of this type Ia diamond. |

The diagram reflects the approximate outline of the diamond. The number of facets, their proportions and positions may not be accurate. Major internal characteristics are plotted in red. Major external characteristics are plotted in green.

**Important Note:** The conclusions on this Diamond Grading Report reflect our findings at the time it is issued and is established in accordance with recognised international rules. A diamond could be modified and/or enhanced at any time. Therefore, the SSEF can at any time reassess if a stone is in accordance with the Diamond Grading Report. Testing is carried out by at least two experts according to the present knowledge in the field of diamond grading, using recognized scientific testing methods and modern analytical instruments. This Diamond Grading Report is in no way a statement of monetary value for the graded diamond. Only the Report with the valid original signature, embossed stamp and ProofTag™ label affixed on the surface of the laminated report is a valid document for the graded diamond. PDF scans and copies of a Diamond Grading Report are not legally binding documents. Misuse of this document will be legally prosecuted. The place of jurisdiction is Basel, Switzerland. The Swiss Gemmological Institute is the executive, independent and public arm of the Swiss Foundation for Research of Gemstones - SSGF.
