Gübelin, rare 20-dollar coin watch, 1990s.

Pink gold 750.

Case made of a 20-dollar coin dated 1898. Gold-colored dial. Ultraflat, manually-wound movement, signed: Gübelin. D 34 mm.

It takes craftsmanship to build a complete watch, with its own case and glass, into a coin. Pressing a hidden pusher on the edge of the coin opens the front of the coin to reveal the watch dial. The entire watch can be tilted out of the case.

This object contains material of endangered species and is subject to certain trade restrictions. Prospective buyers should familiarize themselves with relevant customs regulations prior to bidding if they intend to import it into another country.
