Important Note: The conclusions in this Diamond Grading Report reflect our findings at the time it is issued and is established in accordance with recognized international rules. A diamond could be modified and/or enhanced at any time. Therefore, the SSEF size of any fine jewelry it is placed in is in accordance with the Diamond Grading Report. Testing is carried out by at least two experts according to the present knowledge in the field of diamond grading, using recognized scientific testing methods and modern analytical instruments. The Diamond Grading Report is in no way a statement of monetary value for the graded diamond. Once verified on www.ssef.ch, only the report with the valid original signatures, embossed stamps and Proof Tag™ (also affixed on to the surface of the annotated report) is a valid document for the graded diamond. PDF copies and copies of a Diamond Grading Report are not legally binding documents. Misuse of the documents will be legally prosecuted. The place of production is Basel, Switzerland.
