

F.P. Journe. Extremely rare "Chronometre a Resonance", 2002.

Platinum 950.

D 40.5 mm.

The "Chronometres a Resonance" are the only wristwatches in the world that make use of the phenomenon of resonance and enable a maximum precision. Using the effect of resonance, both balances oscillate in unison, but in opposite directions. In this manner, the negative effect of any wrist movement is reduced to a minimum. Provenance: From an exquisite Swiss collection. Case No.: Limited edition No.: 58 / 99. With sapphire glass exhibition back. Dial: Made of 18 Ct. Gold with ruthenium coating. With 2 time zones and power reserve. Movement: Finest hand-wound
