

BILL (RONCA)

Italian, ca. 1550.

Square tip with diamond section, transitioning into a long narrow blade with a slightly convex edge, ending in a sickle-shaped tip. The rear featuring a spike, with a large, punched scorpion mark below. Square conical socket with two long langets, decorative brass rosettes. Octagonal shaft, restored.

L 233 cm.

Provenance: - Collection M. Sigrist, Lucerne. Rare pole weapon from the Italian armoury that was active in the 16th century and used the scorpion mark, cf. *Le Armi degli Estensi, La collezione di Konopiste*, 1986, pp. 99-100, Nos. 783, 761, 791; *Boccia / Coelho, Armi bianche Italiane*, 1975, p. 380, Nos.
