Koller Auktionen - Lot 2844*
A199 Wristwatches & Pocketwatches - Wednesday 01 December 2021, 11.00 AM

Patek Philippe, very rare and like new "Aquanaut Chronograph", 2021.

Stainless steel.

D 40.5 x 44 mm.

The Aquanaut, with its sporty design, also appeals to younger customers. For the first time, a flyback chronograph with an automatic winding movement has been incorporated into this model series. The movement combines the classic ratchet wheel control with the modern vertical disk clutch, which eliminates any jumping forward or backward of the hand when the chronograph is started. Because this clutch works almost wear-free, the central chronograph hand can also be used as the running second hand. Reference No. 5968A-001. Case No. 644XXXX, screw-down

sapphire glass case back. Dial: Anthracite dial with applied luminous Arabic numerals, date at 3h, chronograph minute sub-dial at 6h Movement: High-grade automatic chronograph movement No. 744XXXX, Cal. CH 28-520 C with 32 rubies. Band: Black rubber strap with Patek Philippe double fold-over clasp, orange replacement rubber strap. Accessories: "Full Set": Box, outer card box, warranty certificate, setting pin, instruction manual, leather folder, orange rubber strap and label.

CHF 50 000 / 100 000
€ 51 550 / 103 090
