This report is not a guarantee, valuation or appraisal and contains only the characteristics of the diamond described herein after it has been properly tested, examined and analyzed by the laboratory issuing this Report ("GIA") and/or has been inspected using the techniques and equipment used to GIA at the time of the examination and/or inspection. Inquiries reported in this document are not a guarantee, valuation, or warranty of a diamond's quality, identity of origin or source, or that the diamond will be attributable to the description in the future (since inclusions can be removed). GIA makes no representation concerning any trademarks, trade or service which is included by GIA or which is included in this Report. The recipient of this Report may wish to consult a professional jeweler or gemologist about the information contained herein.
