All lots are available for inspection in the Wine District cellars, by appointment only.

Shipping

Please note that all wine is stored at Wine District 42 S.A. in Satigny, Switzerland. The lots can be collected by appointment at Wine District (upon proof of payment) or they can be delivered to Koller Geneva.

Shipments from Koller Geneva to Koller Zurich can also be organised upon request. A cost estimate can be provided for all requested shipments in Switzerland. We strongly advise contracting insurance in view of the fragility of these items.

For security reasons, Koller cannot arrange any shipments of wine outside of Switzerland.

Purchasers who wish to ship their purchases internationally must arrange their own shipping.

Estimates in Euros

All estimates in Euros are calculated at the rate of 1.07 and rounded off. They are provided solely as an indication. The estimates in Swiss Francs are the basis of the bidding.

For all other questions, please refer to the Online (ibid) Auction Conditions published online.
